**SMART Boards Lighting up the  
Mathematics Classroom!**

**Instructor:** Christine Lucas, Whitefish Bay School District

**Grade Level:** 6-12

**Credits:** 2

Learn the latest and greatest classroom tool to motivate your students! Move from novice to expert in just one week.

Starting from ground zero, this session will introduce the basic workings of this innovative piece of technology. Lessons

written for the mathematics classroom will be demonstrated and dissected. From there, participants will move to exploration and use of the Gallery features and On-line Essentials of the latest Notebook software (version 10), and additionally incorporate applets to design our own dynamic lessons. By the end of the week, participants will be fluent with SMART technologies and leave being able to write and share hundreds of colorful, creative and interactive lessons!

*(To register for this class, please complete an **Application** form found in our course catalogue or online at [www.wasdi.org/sallyr.html](http://www.wasdi.org/sallyr.html). Registration cost to attend is \$310.00 plus the graduate credit.)*
